  Pred. No. is the number of results predicted by chance to have a score greater than or Equal to the score of the result being printed, and is derived by analysis of the total score distribution.
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  Score
